

New at Sacred Citadel...

Discover custom-made carpets and Tibetan collectibles.

Sacred Citadel features

unique Tibetan collectibles, including custom-made carpets and rugs from expert weavers throughout the Himalayas. View the current selection, or place an order, choosing from a vast array of designs and patterns in a colour and size of your choice. You can even select the type of yarn you prefer – either the traditional Yak yarn or the refined yarn of the Merino sheep in New Zealand. The tightness of the weave will vary according to the yarn you've selected. Between 48 and 60 knots per square inch is achieved with yak yarn, but Merino wool is used for a more

refined carpet, with 80 to 100 knots per square inch.

You'll also discover a recent shipment of Ganesha statues in bronze, pink quartz, coral dust, crystal, jasper, jade and sunstone. And when visiting *Sacred Citadel*, ask to see the Medicine Buddha appliqué thangka artwork. Commissioned specifically for *Sacred Citadel*, it took eight months to complete and was sewn with a technique dating back almost 1,200 years, using horsetail hair sourced from Mongolia. 44-A, 1st Floor, Jalan Telawi 5 (opposite Maybank). Tel: 03 2284 8412/012 906 5966.
